INTER-OFFICE CORRESPONDENCE

Subject: BARCLAY

To prepare for the eventuality of the launch of Barclay in other markets in our region and also on the direct request of Torquil MacLeod, I am preparing for both the USA and Switzerland a summary of the legal issues that arose in these two countries following Barclay's introduction. Secondly, I am providing a chronological summary of the main events and results so far.

As I mentioned to you on the phone, I am sending you attached some notes I have made about the legal issues for Switzerland, which I would be very grateful if you could look at and change/add to as you think best. As regards the chronological summary, I prefer to leave this to you as there will obviously be certain steps and events that you would not wish to be included in such a paper. Could you, therefore, just give me the main events that I can transmit to Torquil.

I would be very grateful if you could let me have these back by March 29.
